

Philadelphia Dragons Sports Association 2021 Major League (11-12) Baseball Rules

1.0 Game Preliminaries

1.1 Age

Players must be at least eleven (11) years of age by April 30, of this year but no older than twelve (12) by April 30, of this year, unless otherwise stipulated by the evaluation committee to be eligible to play in the Major League Division of the Philadelphia Dragons Sports Association ("PDSA")

1.2 Team

A team must have at least seven (7) players in order to play a game. A team with seven (7) players must take an "out" for the 8th and 9th positions in the batting order each time those positions come up to bat, provided there are no late arrivals (see Rule 1.5). A team with eight (8) players must take an "out" for the 9th position in the batting order each time that position would come up to bat, provided there are no late arrivals.

1.3 Player Equipment

All players must be in **uniform** during the game (PDSA-issued jersey and cap and baseball appropriate, pants and socks), or they will **NOT** be allowed to play. All players must wear proper footwear, either sneakers or nonmetal cleats. All batters and base runners must wear protective head gear. Male catchers must wear protective cups. In the event of inclement weather, players may wear jackets on the field over their jersey.

1.4 Forfeits

A team forfeits a game if seven (7) players are not available within 15 minutes of the scheduled game time. The teams are welcome to scrimmage, but the game is officially a forfeit.

1.5 Late arrivals

If a player is not at the field when the first pitch is thrown, the player goes immediately to the bottom of the batting order when he or she arrives.

1.6 Missed At-Bats (sick, injured, early departure)

If a player misses an at-bat, the team takes an "out" for the first missed at-bat. If a player misses a second at-bat, that player is ineligible for the remainder of the game, but no further "outs" are taken, subject to the minimum player rule above (i.e., if there are less than 9 batters, an "out" is taken for the missing batters).

1.7 Weather

Upon any sign of thunder or lightning, a game shall be halted immediately, regardless of the inning or the score or the situation. Play cannot resume until there has been at least 30 minutes without additional thunder or lightning.

1.8 Medical Release Forms

A completed medical release form for each player must be available at every practice and at every game. Without a completed medical release form or a parent present, a player is not eligible to participate.

1.9 Field dimensions

Standard Little League (60 feet pads) with pitching rubber 46 feet away from the back corner of home plate. Any error related to field dimensions shall be corrected immediately upon discovery of the same.

1.10 Applicability of Rules

To the extent not covered in these rules, standard baseball rules apply. These rules and the standard rules of baseball may not be amended or disregarded by any manager(s) or coach(es) for any reason, even if both teams agree.

**Philadelphia Dragons Sports Association 2021
Major League (11-12) Baseball Rules**

2.0 The Game

2.1 Games are six (6) innings in duration unless halted for bad weather or lack of light. **A** game is not official until three (3) full innings have been completed, or the home team is leading at the bottom of the 3rd inning, unless called due to the 1 hour, 45 minute rule (see Rules 2.2, 2.3, and 2.4).

2.2 **The scheduled start time changes ONLY if games are delayed due to bad weather, field conditions, late umpire, or the prior game running late.** (The scheduled start time does **NOT** change if a team is waiting for a minimum number of players, for example.)

2.3 If at one (1) hour and 45 minutes from the **SCHEDULED** start time (see Rule 2.2) the game is still on, whatever inning the game is in at that point is the last inning that will be played. If the third out of the bottom of an inning is made within one hour and 45 minutes from the start time, the next inning will proceed and will be the last inning that will be played. (Note that the time rule applies to the third out of the bottom of the inning, *not* the first pitch of the next inning.)

2.4 If a game is called due to time as set forth in Rules 2.1 to 2.3, then the score of the game stands. If the game is stopped due to bad weather or lack of light, then three (3) full innings must have been played in order for the game to be official. If such stoppage occurs during any inning after the third inning, the score reverts back to the score of the previous full inning.

2.5 A game that ends in a tie is scored a tie (unless it is a playoff game, where extra innings will be played).

2.6 During games, coaches shall not permit batters to practice using a "Hit Stick" or any similar apparatus with an attached or tethered ball. Violations of this rule may result in sanctions against the coach, assistant coach, or team.

3.0 Pitchers and Pitching

3.1 No pitcher may pitch more than 3 innings in one game. If the pitcher pitches more than 2 innings, that pitcher must take at least one day's rest.

3.2 The following guidelines are recommended for pitching:

<u>Number of pitches in a day</u>	<u>Number of Calendar Days of Rest Before Pitching Again</u>
66 to 85	4
51 to 65	3
36 to 50	2
21 to 35	1
1 to 20	No day of rest required

3.3 Any deviation from the guidelines in Rule 3.2 above must be approved by the parent of the pitcher.

3.4 A coach is allowed one (1) conference with a pitcher per inning. A second trip to the mound in the same inning must result in the substitution of the pitcher.

3.5 Any pitcher hitting three (3) batters total per game **MUST** be removed, resulting in the substitution of a different player pitcher.

3.6 There are no balks.

3.7 Once a pitcher is removed, he or she is not allowed to return as pitcher in the same game.

**Philadelphia Dragons Sports Association 2021
Major League (11-12) Baseball Rules**

3.8 All pitchers, innings pitched, and pitch counts must be recorded in the game log with the coach's and umpire's signatures.

3.9 After each game, managers must report pitchers and innings pitched to the Commissioner, who will distribute this information to all managers in the division.

3.10 Any team violating the pitching eligibility rules set for in Rule 3.4 shall be penalized as follows: (i) if the subject team wins the game in which the violation occurs, that team shall forfeit the game; (ii) if the subject team loses the game in which the violation occurs, the manager of the subject team shall be suspended from coaching the next game played by his/her team; and (iii) if in the sole discretion of the Commissioner, it is determined that a violation of Rule 3.4 was intentional, then the subject manager shall be suspended for the next two games played by his/her team and the ineligible pitcher will be prohibited from pitching in the next two games played by his/her team.

4.0 Defense

4.1 There can be no more than nine (9) players on the field at any time and no fewer than seven (7) players. Only six (6) players are allowed in the infield prior to the pitch.

4.2 [Reserved]

4.3 **No player may sit on the bench for more than 50% or half the game (unless subjected to disciplinary action previously approved by the Commissioner).**

4.4 [Reserved]

4.5 [Reserved]

4.6 The infield fly rule is in effect.

5.0 Offense

5.1 Offense bats until three (3) outs are acquired. All players bat regardless of whether or not they are playing the field.

5.2 There **IS** bunting. A player who squares to bunt has to either bunt or refrain from swinging. Any batter who indicates he or she is bunting, then swings, is out whether or not there is contact with the ball.

5.3 In the regular season, but NOT in the playoffs, there is a 5 run limit to scoring in any half-inning. However, a team that is trailing by 6 or more runs in the 5th or 6th inning may score enough runs to tie the game before the half-inning ends.

5.4 A runner may not leave the base until the ball crosses the plate or makes contact with the bat. The first offense results in a warning to that player's team, with an out being awarded to the next offender on that team. A base runner occupying a base is considered on the base if his or her foot is touching any part of the base. The foot must maintain contact with the base until the ball crosses the plate. It is not required that a player on base have a foot on the top surface of the base as long as a foot is touching, or next to, the side of the base.

5.5 Stealing is permitted of any base.

5.6 There is no "dropped third strike" in effect.

5.7 If an overthrow occurs into a dead ball area, the base runner(s) will be awarded one (1) additional base from the base last possessed, subject to the interpretation of the umpire. The dead ball areas are defined by the managers and the umpire before the start of the game, following the guidelines discussed at the coaches' meeting. In the case of a dispute, the umpire's decision is final.

**Philadelphia Dragons Sports Association 2021
Major League (11-12) Baseball Rules**

5.8 [Reserved]

5.9 [Reserved]

5.10 Slide or veer to avoid contact rule is in effect when the fielder is in possession of the ball while in proper defensive position. Under these circumstances, the runner must slide or veer to avoid contact, or the runner is out. There are no head-first slides (except when returning to a base), or the runner is out.

5.11 With two outs, in every inning but the last, a catcher on the base path must be replaced with the player making the second out in that inning. The catcher must catch the next full inning.

5.12 USA Bat Standard bats must be used in all games; all bats must bear the USA Baseball logo. Any bats not conforming to these regulations shall be considered illegal bats and shall be promptly removed from the game. Any player who reaches base safely (including a walk or hit-by-pitch) while using an illegal bat shall be declared out and all runners shall return to the bases each occupied when the batter first took his or her position in the batter's box, upon appeal of the manager or coach of the defensive team. The appeal by the defensive team must be made prior to the first pitch to the next batter.

5.13 [Reserved]

6.0 Coaches

6.1 All coaches and the manager MUST be in the dugout behind the fence.

6.2 Only an adult, or child aged 13 or older, may be a base coach. A base coach under the age of 16 must wear protective head gear.

6.3. If a base coach touches a player, that player is out.

7.0 Umpires and Officiating

7.1 An umpire has the power to eject any player, manager, coach, spectator, or any other person associated with a team who does not conduct him/her/self in accordance with the PDSA Rules of Conduct. The offending party must vacate visual proximity of the playing field. If the offending party does not vacate visual proximity of the playing field, the team with whom the offending party is associated will forfeit the game.

7.2 Only a manager may question the call of an umpire. No judgment calls may be protested. A game may be protested only if there is a violation or misapplication of a written PDSA rule or standard rule of Baseball. Protests must be in writing to the Division Commissioner no later than 48 hours from the time of the incident.

7.3 Any player inadvertently throwing equipment will result in a warning to that player's team, with an out being awarded to the next offender on that team.

7.4 Any player deliberately throwing equipment may be immediately ejected by the umpire.

7.5 Score should be checked every inning with team scorekeepers. If there is a dispute, the score is to be checked with the umpire. The umpire's decision is final.

7.6 Only a single manager or coach from each team may review ground rules with an umpire before the start of a game. Regardless of who a team's manager is, only that team's coach who reviewed ground rules with the umpire before the start of the game is permitted to question the call of an umpire or discuss any other game issue with the umpire on behalf of that team. Managers are advised to make sure they participate in the pre-game review of ground rules with the umpire.

**Philadelphia Dragons Sports Association 2021
Major League (11-12) Baseball Rules**

8.0 Eligibility for Playoffs and Tournament Teams

8.1 To be eligible for PDSA intramural playoffs, a player must have played in at least the minimum number of intramural regular season games indicated below (depending on the total number of regular season games the player's team plays):

- 10 game season -- at least 6 games
- 11 game season -- at least 7 games
- 12 game season -- at least 7 games
- 13 game season -- at least 8 games
- 14 game season -- at least 8 games

For purposes of Rule 8.1, to play in a game means to be at the game, ready to play, and on the team's bench or playing in the field for the full duration of the game.

The Commissioner of a league may grant a waiver from this rule in cases where a player missed games because of injury or medical condition. In considering a waiver request, a Commissioner may require information from the player's coach, parent or guardian of the injury or condition.

8.2 A player who is not eligible for PDSA intramural playoffs because of not having played at least the minimum number of games required by Rule 8.1 above, also is not eligible to play for a PDSA tournament team.

ALWAYS HAVE A COPY OF THE RULES HANDY AT ALL GAMES!

Please use your common sense in applying these rules. Don't be too literal and think of the spirit in which they were written
